### ABSTRACT

Aim: Why we get 'PAIN'???

Do we exercise every day?

Do we have proper diet, water, air?

How many of us are using PAIN KILLER MEDICINE daily?

Without knowing the fact of PAIN killer safety.....

To find the effectiveness, Randomized Clinical trials with the Use of the JOINT -CURE herbal as an alternative treatment to any invasion in joints for the Pain relief of Osteoarthritis, Rheumatoid arthritis, Facet Arthritis and / or any kind of Joint Pain

**Methodology :** A Randomised study was carried out where 156 patients of Osteoarthritis, Rheumatoid Arthritis, Backache due to Facet Arthritis, Spondylosis, Chronic Spondylitis & Frozen Shoulder, cancer Pain of age group between 29 to 94 years Those who took many PAIN killer (allopathy) were given 10gms of sachets of the JOINT -CURE Herbal Once a day for 12-15 month period. Subsequently more than 2000 patients took this Herbal till date

**Mechanism of Action:** This JOINT-CURE herbal containing 9 natural phytonutrients exerting synergistic activities on body, reducing inflammation and pain by inhibiting prostaglandin synthesis, suppressing cyclooxygenase-1, cyclooxygenase 2, 5-lipoxygenase and cytokines and neutralizing leukocyte elastase and free radicals by inhibiting lipid peroxidation and raising levels of Vitamin C. This "Chuma" promotes healing of joints by stimulating peripheral and collateral circulation, inhibiting platelets aggregation, reducing synovial fluid leukocyte count and lowering elevated serum transaminase levels and erythrocyte sedimentation rates, and supplying lysine to help maintain nitrogen balance in body. **Results :** Approximate 27 out of 2456 patients had partial pain relief around 30-50% with the JOINT-CURE HERBAL as they left the treatment in the middle of treatment period. Total 98.76 percentage of the patient who completed study period of 12-15 months exhibited complete pain relief on use of the JOINT-CURE herbal without any noticeable side effects. **Conclusion:** For PAINFUL joint treatments, Ozone treatment, LAHC injections, Prolotherapy, sclerotherapy, even many Allopathy Etc requires invasion of joint, and long term NSAID And other Pain killer use has known systemic side effects. Here, simple oral intake of the JOINT-CURE herbs to relieve joint pain without any kind of joint invasion or visible systemic side effects was achieved successfully in 96 percent patients proving its effectiveness.
