ABSTRACT

The people of Shatabhishak Nakshatra are believed to be the balanced composition of both negative and positive shades which makes them stand well and strong upon land. These people are truly stubborn and firm upon every aspect and this also includes their stand upon their principles and believes which they won't leave for the sake of anything or anybody. Symbolism of Shatabhishak Nakshatra is the attainment of moksha and live as a successful person with knowledge. Its very symbol circle represents Lakshmanarekha drawn by Lakshmana for protecting Seethadevi. Circle is a never ending process. This Nakshatra is a large group of faint star in the water bearer. Shatabhishak brings about a healing crisis leading to revitalization. Another shatabhishak symbol is hundred stars which show the deep connection of Shatabhishak with the cosmos and past karma. The stars are supposed to be silent watchers of the game of life; they resemble the lotus of thousand petals, the symbol of sahasrara chakra (the crown chakra) which represents the highest power within our astral body. This study reveals the attitudes of the person born in this star.

4 padas of Shatabhishak star Shatabhishak in 1st pada.

गुणोलभूतस्सुखी श्रीमान उदारसत्यवाचकः

गोब्राह्मणहितो नित्यं शततारान्बजो नरः

The padas of Shatabhishak represents the end of pada cycle.

First pada in Sagittarius 6degree 40 min to 10 degree in aquarius. In Sagittarius rasi the soul is aspiring for the spiritual and learning to differentiate the man from the animal. In Sagittarius pada of Aquarius the spiritual path has been adopted and Mankind has to reconcile with the residual demons that block its path to a new level of spiritual understanding. No planets are debilitated or exalted. Everyone learns to fight their own wars.

Shatabhishak in 2nd pada.

संकरी पिशुनश्चैव जनद्वेषि सुमत्सरीः

क्लेशितः कुरकर्मयद्वितीयश्चेत् जायते

The second pada of Shatabhishak and fourth navamsha of aquarius is capricorn. This exalts Mars and debilitates Jupiter. Capricornpada is 10degree to 13.20 of shatabhishak Nakshatra. Mars is strong in its exalted rasi. It will show immense courage to follow the path of its convictions. It will be able to control the demons that the other planets struggle to do. Jupiter has a moment of pure darkness. It appears that old issues have come to haunt these individuals. There is an attachment to practical things as the soul tries to hang on to them. As the planet of spirituality, Jupiter is showing a deep underlying weakness and these are the demons that will haunt Jupiter. The natives will feel unworthy within. They may pretend to be spiritual and practical, and this falseness can haunt them.

Shatabhishak in 3rd pada.

हन्ता हृद्रोगवानमुग्धो नीचकर्मा तथैव च

वित्तवान क्षुधितश्चैव तृतीयांशेत् जायते

The third pada of Shatabhishak is the 5th navamsha of Aquarius and also vargothama navamsha. 13020' to 16040' in Aquarius pada is the third navamsha of shatabhishak star. Natives with vargottamanavamsha is integrated with whatever path there is. Vargottama makes the planets feel comfortable in it. Being in

Aquarius, the quality is spiritual, humanitarian, and working for the world. Therefore the planets have a good agenda. This is the pada where the ocean was churned. No planet is exalted or debilitated in this pada. This is the Moolakshetra of Saturn.

Shatabhishak in 4th pada.

असन्दिग्ध जनद्वेषि शुभकर्मरतस्सदा:

अभिमानी सुखी चैव शततारान्त्यजो नरः

The fourth navamsha is 16040' to 200 in pisces. The fourth pada of shatabhishak and sixth navamsha of Aquarius is in pisces. This is a pushkaranavamsha, so all the planets will do well here. The dilemma of Shatabhishak gets its possible outcome. The planets manage to conquer their demons and work to create new energy for the final steps towards moksha. The ego is broken and the waters of aquarius flow freely. This can be the pada where the amritha was found after the churning of the oceans. This is the exaltation pada for Venus, its own Jupiter and debilitation for mercury. Being pushkara, Mercury can deal with its debilitation. Mercury's debilitation make silly choices on a material level. They may not be worldly wise but this is because they have surrendered their rational thinking to work with the world beyond their recognition.
