

## IDIOPATHIC HYPERTROPHIC PACHYMENINGITIS

## Histopathology

Sweety Shinde\*

B.Y.L Nair Hospital Associate Professor, Pathology \*Corresponding Author

## KEYWORDS

idiopathic, hypertrophic, pachymeningitis

## INTRODUCTION

HP is an inflammatory process of the dura mater that can occur as a manifestation of sarcoidosis, granulomatosis with polyangiitis, and IgG4-related disease.

## Case Study

In the present study, effect of crumb rubber as levels of crumb rubber at different curing periods (7-days & 28-days).

## CONCLUSIONS

We can say that for 1m<sup>3</sup> M20 grade of innovative supplementary Construction Material is formed through this study.
