GLOBAL JOURNAL FOR RESEARCH ANALYSIS

INTERNATIONAL

JOURNAL OF SCIENTIFIC EXCELLENCE

RESEARCH | KNOWLEDGE | INNOVATION | PUBLICATION

AUTHOR GUIDELINES

Authors are requested to carefully read and follow the guidelines given below before submitting their manuscript to **Global Journal for Research Analysis (GJRA).** These guidelines ensure a smooth review process and timely publication.

01 Manuscript Preparation
Manuscript should be original, unpublished and not under consideration elsewhere. The paper should be written in clear, concise English.

02 Manuscript Forma
The manuscript should be typed in MS Word (.doc/.docx) with 1.5 line spacing, Times New Roman font, size 12, on A4 size paper with 1 inch (2.54 cm) margins.

03 Title Page
Include the title of the paper, author name(s), affiliation(s), complete address, email ID and contact number.

04 Abstract
The abstract should be 150–250 words summarizing the purpose, methodology, results and conclusions. Provide 3–6 keywords.

05 Main Text
Organize the manuscript into Introduction, Materials and Methods, Results, Discussion, Conclusion and Acknowledgement (if any).

06 Figures & Tables
Figures and tables should be clear, relevant and self-explanatory. Submit each figure/table on a separate page at the end of the manuscript.

07 References
References should be cited in the text by author name and year. Use APA style for referencing.

08 Submission Process
Submit your manuscript online through our website. All submissions are acknowledged within 24–48 hours.

09 Peer Review Process
All manuscripts are peer-reviewed by experts. The decision of the editorial board is final.

10 Publication Charges
A nominal publication charge is applicable after acceptance of the manuscript. Details are available on the website.

11 Copyright
Authors retain the copyright of their work and grant **GJRA - Global Journal for Research Analysis**. the right of first publication on proper citation.
