The investors should compare the risks and expected returns offer adjustment of tax on various instruments while taking investment decisions.

Mutual funds pooled investments under professional management are becoming ubiquitous for the individual investors rather picking stocks and managing money, mutual funds aggregate funds from many thousands of small investors and maintain a stated, disciplined investment strategy.

Mutual fund: A mutual fund is a form of collection investment that pools money from many investors and invests the money in stocks; bonds, short term money market instruments and other securities. In a mutual fund, the fund manager trades the fund’s underlying securities, realizing capital gains or loss, and collects the divided or interest income. Mutual funds enable investors to diversify their investments under professional management company (AMC). They mobilize and manage funds, hedge funds and pension plans etc. They mobilize and manage funds on behalf of their clients and earn income by charging a fee to their client.

Custodian, who is registered with SEBI, holds the securities of various schemes of the fund in its custody. The trustees are vested with the general power of superintendence and direction over AMC. They monitor the performance and transparency in all investment decisions by advising all associates.

SEBI has taken a far reaching step towards ensuring due diligence and transparency in all investment decisions by advising all mutual funds to maintain records in support of each investment decision which will indicate the date, facts and opinion leading to that decision.

SEBI’s Role to Regulate Mutual Funds:-

The role of SEBI can be understood from the following points:
1. Recognition to Investor Associations:
SEBI recognizes investor associations, extends financial support for conduction investor education programmes and also addresses various issues raised by them to protect the interest of the investors. SEBI has so for recognized 10 investor’s associations.

2. Portfolio Disclosure:
Transparency is essential for corporate governance and portfolio disclosure is an important means of keeping the investors informed about the way their moneys are being used to create financial assets. Therefore, SEBI has made it mandatory for mutual funds to disclose the entire portfolio of any scheme.

3. Transparency in Investment Decisions:
SEBI has taken a far reaching step towards ensuring due diligence and transparency in all investment decisions by advising all mutual funds to maintain records in support of each investment decision which will indicate the date, facts and opinion leading to that decision.

Companies have clearly defined investment practices and decisions to a professional money manager and his staff most mutual funds have carry certain risk. The investors should compare the risks and expected returns offer adjustment of tax on various instruments while taking investment decisions.

Mutual funds pooled investments under professional management are becoming ubiquitous for the individual investors rather picking stocks and managing money, mutual funds aggregate funds from many thousands of small investors and maintain a stated, disciplined investment strategy.
4. Screening of Mutual funds at the entry level:-
Every mutual shall be registered with SEBI and the registration is granted on the fulfillment of certain conditions laid down in the regulations for efficient and orderly conduct of the affairs of a mutual fund.

5. SEBI has outlined the advertisement code too:-
All mutual funds are bound to publish a scheme wise annual report or an abridged summary through an advertisement within six months of the closure of the financial year. The trustees of mutual funds are bound to convey to the investors any information that has an adverse impact. A mutual fund is also to publish half-yearly unaudited financial results through on advertisement.

6 Prescribed Norms for Investments:-
SEBI has prescribed norms for investment management with a view to minimizing/ reducing undue investment risks. There are also certain restrictions, which are aimed at ensuring transparency and prohibiting have strong similarities with these imposed in the US and UK.

7 Inspection & Penalties Penalty:-
SEBI inspects the books of accounts, records and documents of a mutual fund, the trustees, AMC and custodian. SEBI also imposes a monetary penalty in case of violations of regulations specified. The regulatory framework indicates that SEBI is a highly powerful regulator. These are strong emphasis on ex-post investigation and disciplining of mutual funds through financial penalties.

As financial journalist’s play a critical role of far investor’s education, SEBI decided to conduct a one day workshop on capital market for the financial journalists at different centers.

What are the different types of mutual fund schemes:-
A mutual fund schemes can be classified to open ended scheme or close-ended scheme depending on its maturity period.

1 Open ended fund scheme:-
An open ended fund or scheme is one that is available for subscription and repurchase on a continuous basis. These schemes do not have a fixed maturity period. Investments can conveniently buy and sell units at net asset value (NAV) per unit which is declared on a daily basis. The key feature of open end schemes is liquidity

2 Close ended fund scheme:-
A close ended fund or scheme has a stipulated maturity period e.g. 3-5 years. The fund is open for subscription only during a specified period at the time of launch of the scheme. Investors can invest in the scheme at the time of the new fund offer and thereafter they can buy or sell the units of the scheme on the stock exchanges where the units are listed. In order to provide an exit route to the investors, some close-ended funds give an option of selling back the units to the mutual fund through periodic repurchase at NAV related prices. SEBI regulations stipulate that at least one of the two exit routes is provided to the investor i.e. either repurchase facility or through listing on stock exchanges.

3 Schemes according to Investment objectives:-
A scheme can also be classified as growth scheme, income scheme or balanced scheme considering its investment objectives. Such schemes may be open-ended or close-ended schemes as described earlier such schemes may be classified mainly as follows.

4. Index funds:-
Index funds replicate the portfolio of a particular index such as the BSE sensitive index (Sensex), NSE 50 index (Nifty) etc. These schemes invest in the securities in the same weight age comprising of an index. NAVs of such schemes would rise or fall in the index, through not exactly by the same percentage due to some factors known as “tracking error” in technical terms.

Necessary disclosures in this regard are made in the offer document of the mutual fund schemes.

Suggestions of effective regulation:-
The following suggestions can be given on the basis of this study.

1 To improves investors to make informed decisions and achieve fair deals:-
SEBI should ensure that the cheeks and blames in the surveillance system work well to curb manipulations, which should be backed by prompt scrutiny. Investigations and punitive action SEBI has to exercise due diligence to ensure timely crackdown on price manipulation, and impose stringent penal action and have a close tab on fund flows to protect investors interests.

2 Suggestions for consumers and participants to think that markets are efficient, orderly and clam.

SEBI can encourage more market players. It can reconsider the participation of OCB by making it mandatory for them to announce their beneficiaries rather than completely bribing them.

If can reconsider the participation of OCB by making it mandatory for them to announce their beneficiaries rather than completely bribing them.

It should proactively examine issues of contentsions nature.

In most cases, it has taken action only when there is a referral from a counter investor formed or the govt. SEBI should make all disclosures available freely to everyone. It has taken the first step towards it through its website edifar.nic.n

3. About cautions investment in unlisted securities privately placed securities, unrated debt securities and non performing assets.

All the AMCs are advised to observes specific attention on investments in unlisted, privately placed, unrated debt securities nonperforming assets and transactions where associations.

Involved as these investments are highly risky. SEBI should include some specified provisions in its regulation to ensure the proper safeguard against the risk association with these investments.
